

Dive deep into your tissue

Unlock the next level in your research when experts come together to share their knowledge about 3D imaging

Lund University Bioimaging Centre (LBIC), Miltenyi Biotec Nordics and The Danish Life Science Cluster are pleased to invite you to a full day of exciting 3D imaging presentations and interactive discussions with experts in the field of lightsheet microscopy.

Date: 18 November 2021

Time: 09.00 – 17.00

Venue: Medicon Village "Hörsalen" auditorium, Scheeletorget 1, Lund

Meet the experts:

- Ali Ertürk, Director Institute for Tissue Engineering and Regenerative Medicine (ITERM) Helmholtz Zentrum München
- Iben Lundgaard, Associate Professor, Glia-immune interactions, Lund University
- Jacob Hecksher-Sørensen, Principal Scientist, and Urmas Roostalu, Principal Scientist, Gubra
